Where to find your referral link

Before starting, you need to find your referral link in your Pawns.app. If you're using the mobile version:

- 1 Open Pawns.app.
- 2 Tap the **Invite Friends** button at the bottom of the screen. From here, you can copy your referral link to your clipboard, share it through other apps, or send it in an email.

From there, you can switch to another app and simply paste it. We'll use an SMS message as an example. Open a conversation, tap and hold in the text field, and select **Paste**.

>		TAP AND H	OLD	\odot	► SMS

- **5** They'll get a message with your link and a brief explanation of what Pawns.app is.
- 6 Finally, you can simply type in an email address and send someone an email with your referral link. Tap the **Send** button.

7 You'll see a premade message. You can edit it if you wish, or tap the **Send** button again and you're done!

8 You'll get confirmation that your email has been sent.

9 On the other side, the recipient will get your message in their inbox.

10 If you're using the desktop version of Pawns.app, navigate to the **Refer** tab. From here, you have two options. You can copy your referral link to the clipboard by clicking the **Copy** button and pasting it anywhere you want.

You can also share your referral link by typing in someone's email and clicking the **Send** button, just like on the mobile

version.

What text to include when sharing your referral link

You can use something like this:

"Hey, I want to share an awesome passive income app with you. You can use it to earn money with your devices! Just use my referral link [LINK] to sign up and get a starting \$1 bonus on Pawns.app!"

Don't forget to explain what Pawns.app is about when you share your referral link.

Google Search is facing after sitting relatively comfortable for a long time.

I've written about cutting through the noise, and how marketers should be thinking ahead of the curve when it comes to how search behaviours are changing.
